EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Bobowiec on 2/28/2006.

1. The application has been amended as follows:

IN THE CLAIMS:

In claim 33, line 2, "claim 33" has been replaced with -- claim **24** --.

2. Claims 1-23 are cancelled. New claims 24-40 are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The instant invention relates to implementing automatic switching of wireless data communication network for least cost. The closest prior art, Lin (US 2001/0055286) and Forslow (US 6,608,832), fails to disclose the inventive step of "switching the communication, by the second switching device, from the first wireless data communication network to the second wireless data communication network, performing communication via the first wireless data communication network until the

releasing and via the second wireless data communication network from the resuming of the released session” as claimed in claim 1 herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Afsar M. Qureshi whose telephone number is (571) 272 3178. If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Chi Pham can be reached on (571) 272 3179. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
